## How to stop Aveva Insight Publisher

### SUMMARY

The AVEVA Insight Publisher supports sending data from your on-premises solutions to AVEVA Insight. The data can be from an InTouch application, or from an OPC Servers and other communication protocols such as SuiteLink data sources.

However, in some situations, you might want to stop the Publisher from publishing the data to AVEVA Insight. This *Tech Note* provides the step-by-step procedure for properly stopping all data from your on-prem data sources from being published to AVEVA Insight.

### ACTION

1. Make a copy of file **StartupConfig.json** located in the following folder:

**C:\ProgramData\ArcheStrA\Historian\Hosting\Configuration**

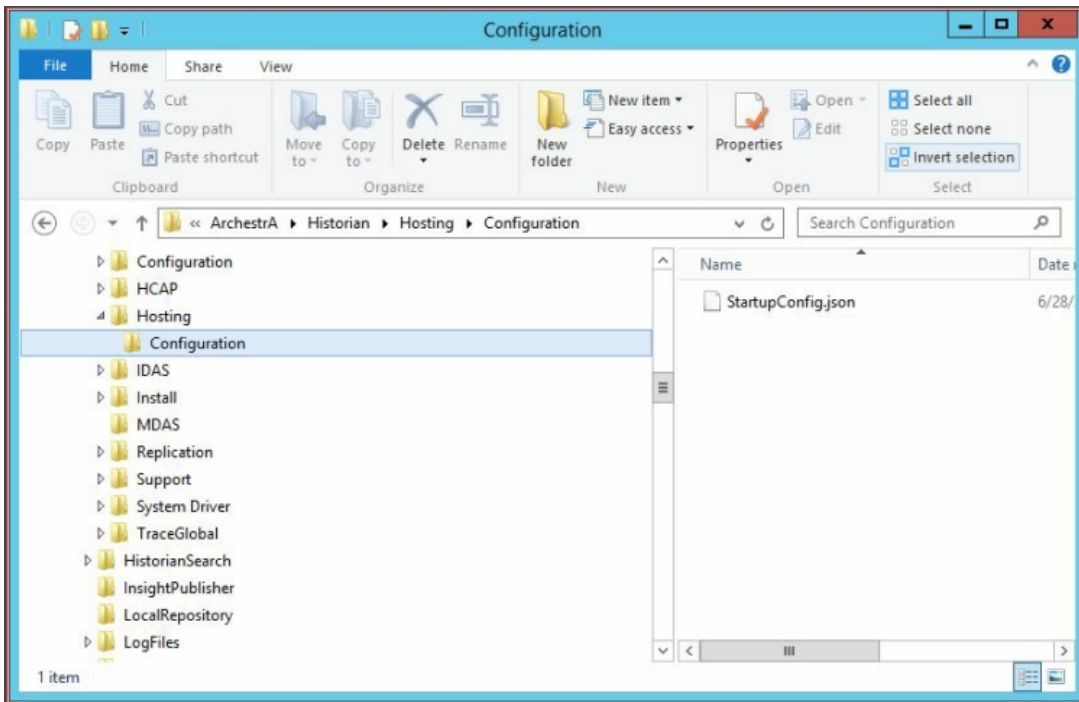

Figure 1: StartupConfig.json File

2. Open **StartupConfig.json** using an editor such as **Notepad**. Figure 2 (below) shows a sample of the file content.
